Price information	reduced in price	Material	steel

Vision Doeve Brokers

Former inland cargo vessel that has been converted into a cruising Live Aboard Dutch Barge. Unfortunately, due to circumstances, the vessel is currently not in a cruising condition (broken engine). The interior has largely been removed and the bottom has been treated well on the inside. This Dutch Barge was also out of the water and painted in 2023. This concerns a hull with superstructure with which a new owner can get started and make it him/her own by fitting her out according to his/her own ideas.
