Vision Doeve Brokers

Step on board of an unparalleled classic, a masterpiece of nautical elegance and craftsmanship. This beautiful motor yacht, from the Trewes series, designed by the renowned Dutch designer Sieb van der Meer, is now available for the true connoisseur. With her characteristic lines and handcrafted details, such as a flare shape bow, this yacht exudes the atmosphere of a bygone era. The mahogany superstructure, the teak fore and aft deck and the interior are cozy and authentic, while modern technology ensures contemporary comfort. Cherished by her current owners and they have enjoyed magnificent journeys with her. The engine room is located beneath the aft deck, featuring a splendid Gardner diesel engine and an enclosed generator set. In our view, this is an exceptional opportunity to acquire a piece of maritime heritage.
