## Luxe Motor 19.75 Cruise

Price on  
request

the asking price is a starting price

<b>Dimensions (m)</b>	19.75 x 4.90 x 1.10	<b>Ref. no.</b>	171106
<b>Mooring</b>	Near Harlingen, Netherlands	<b>Year</b>	New
<b>Price information</b>	the asking price is a starting price	<b>Material</b>	steel

## Vision Doeve Brokers

Great designed and new built Dutch Barge Luxe Motor. Designed and built according to the modern techniques of shipbuilding but with the traditional look of original barges. Among others with round bilges and an overlapped hull. The finish is high-quality and fully adapted to your own wishes so that you can put together your own dream ship. The layout as shown is therefore a layout idea. The aft deck is spacious with French doors to the wheelhouse. With the dimensions of this barge a large sailing area can be done that reach from the Mediterranean to the Baltic Sea and from the North Sea to the Black Sea. Your new barge does not require a TRIWV on the inland waterways including the Rhine. This means that you can make your dream journey without barge limitations. The Shipyard is very competent and has already built and rebuilt many barges.

## General information

<b>Yard:</b>	Shipyards Scheepsbouw & Reparatie Friesland (SRF), NL-Harlingen
<b>Designer / Architect:</b>	Gaastmeer Navel Architect, NL-Gaastmeer
